

EEPC India is the nodal body under the Ministry of Commerce and Industry, Government of India, working towards the promotion of trade and investments in the engineering sector. It represents over 12000 members from large, medium and small-scale enterprises (over 70% from MSME sector).

We are pleased to inform you that EEPC India with the help from Ministry of Commerce & Industry, Government of India is organizing the 11th edition of IESS - International Engineering Sourcing Show in Coimbatore, India from 4-6 March 2024. IESS is one of the biggest platforms of its kind focused on promotion of international trade & investments in the engineering sector in India. Each year, the event hosts over 350 exhibitors, 500 international buyers and around 10,000 business visitors. IESS is a UFI certified event offering a unique combination of opportunities for exhibition, B2B meetings, vendor development meets, global sourcing meets and industry specific seminars etc. For more details, visit <https://www.iesshow.in/>

Indian engineering exports have registered an impressive growth in recent years. The MSME sector forms the backbone of Indian engineering, thus, in order to further augment the exports and overall manufacturing, EEPC India is looking forward to your kind support to host a business delegation from your region.

Some of the product sectors on display during this mega event are:
